KATZENSTEIN & CO.

Successors to

OTTO KATZENSTEIN & COMPANY

Tree Seed Specialists

THIRTY-NINE YEARS IN BUSINESS

1897

1936

109 DRUID CIRCLE, N. E.

P. O. BOX 259

ATLANTA, GEORGIA, U. S. A.

Registered Cable Address: Treeseeds, Atlanta, Ga.

Our Pamphlet, "HOW TO MAKE TREE SEEDS GROW,"
25¢ a Copy. Free on Request with Orders over \$1.00.

THE FOLLOWING CONDITIONS GOVERN ALL TRANSACTIONS:

THE PUBLICATION OF THIS LIST CANCELS ALL PREVIOUS QUOTATIONS.

TERMS: Cash. Thirty days net or 2% discount for cash within ten days from date of invoice to domestic book consumers. All bills due and payable 30 days from date of invoice. Interest of 6% charged after 30 days. Discount of 3% on cash with order. We expect remittance with order or other arrangements, satisfactory to us, from our foreign customers. *Prices are quoted and remittances are expected in United States Money.*

ALL SHIPMENTS travel at customer's risk. After having taken receipt of transportation companies we are not responsible for delays, losses or injury to shipment while in transit. Customer's redress is with transportation companies only.

PARCEL POSTAGE. Domestic rates are governed by zone tariff. Parcel postage into foreign countries is 14c per pound or fraction of pound. In addition to this a number of countries require payment of a surtax. Remittances should cover sufficient amounts for postage, etc.

NON-WARRANTY. We use the greatest care to have all our seeds, bulbs, plants, etc., pure and reliable, but they are sold without warranty and without responsibility, express or implied, in respect to the crop. All sales are made under these terms. We are under no circumstances to be held responsible beyond the invoiced value of our goods and **WE CANNOT, UNDER ANY CIRCUMSTANCES, CONSIDER ANY CLAIM AFTER THE GOODS HAVE BEEN PLANTED.** All claims must be made on receipt of goods.

This list is published before the actual extent of some crops of trees and shrub seeds, offered in it, is known and our acceptance of orders is not a warranty for delivery but is subject to crop accidents and limitations of crops. Failing to receive the full amounts ordered from our collectors and growers we reserve the right to reduce proportionately all orders which have been booked or to fill orders in rotation while the supply lasts.

The U.S. Plant Quarantine and Control Administration has now prohibited the importation of any tree seeds in their natural hull. The removal of the outer hulls has naturally affected the prices of seeds which in the past could be imported as gathered.

IMPORTANT—We exercise every care to send out tree seeds true to name. We cannot extend this guarantee to the result from sowing seeds of such varieties of conifers as “aurea, compacta, glauca, pendula, pyramidalis, violacea, etc.” Our collectors are careful in gathering the seeds from trees showing the peculiarities of the variety but the seedlings will often revert to the mother form and as we have no way of testing the seeds as to their producing true to variety, we send them out without any warranty that they will come true any given percentage to variety.

Trees and Shrubs

Half ounce, quarter pound, 25 lbs. at ounce, pound and hundred pound rates, respectively. No seeds invoiced for less than 15 cents. No invoice for less than 25 cents. Prices for larger quantities will be quoted by letter upon request.

- We are using the following abbreviations:
- “e” means evergreen, “d” means deciduous.
 - “t” means tree, “s” means shrub.
 - “v” means vine or climber.
 - “db” means seed in natural hull.
 - “c” means clean seed.
- Example: “et” stands for evergreen tree.

Katzenstein's Seeds with a Reputation for Growing.

Seeds of Palms, Tropical and Subtropical Plants

IMPORTANT: Palm seeds should be cared for by the planter as soon as possible after ripening and gathering, and as many kinds listed by us must be shipped to us over long distances, orders should be in our hands as early as possible to have best care.

1000M—1 Million estimated.

Write us regarding other kinds of Palm, etc., seeds for which you are in the market, so that we may quote prices.

FLOWER SEEDS—We have discontinued listing flower seed in our price list, but we can continue supplying you with the highest grades at reasonable prices. Send us your list, so we may quote prices.

Lining-Out Stock

S—seedlings. C—Cuttings. B—budded. G—grafted. P—pot.
BB—baled and burlaped. X—transplanted once. XX—twice.
XXX—three times.

These plants are not grown by ourselves but are offered as brokers and are shipped from different nurseries. This lining-out stock is grown by experienced nurserymen and orders are filled with freshly dug plants, and properly packed so as to reach you in perfect condition.

NAME VARIETIES OF CAMELLIAS.

All our Camellias are pot grown. It is our strong belief that pot grown Japonicas are far superior to the plants from the ground and poorly balled and burlapped. Plants from pots can also be safely removed any time of the year.

Group 1.—

Roots and Seeds of Medicinal Plants

Arrangements with very reliable growers permit us to offer the following list of high grade Medicinal Roots and Seeds for propagation at very attractive prices, which are not subject to any discount. We are not growers ourselves. For roots and seeds of economic plants not listed or for large quantities we can quote on direct inquiry.

Information regarding cultivation of Ginseng, Goldenseal and other herbs may be had by applying to the United States Department of Agriculture, Washington, D. C., which issues bulletins on these subjects.

STANDARDIZED PLANT NAMES (1923) is becoming rapidly the acknowledged standard authority for all dealings in and current literature about plants in the United States. In our own publications we adhere strictly to Standardized Plant Names.

Standard Edition (bound in cloth for library and general use) \$ 5.00

THE STANDARD CYCLOPEDIA OF HORTICULTURE, edited by L. H. BAILEY. Complete with color pages and nearly 5,000 engravings, these volumes give complete information on kinds, characteristics, and methods of cultivation of all plants grown in North America. Ill., 3 vols, 3637 pp. 15.00

THE NURSERY MANUAL,—L. H. BAILEY. Outlines all the details of successful nursery practice for both professional and amateur. One section describes general nursery methods, especially propagation practices; the other section has a complete list of nursery plants, with the propagation and cultivation methods required for each. Ill., 456 pp. 3.00

HORTUS: A CONCISE DICTIONARY OF GARDENING,—L. H. & E. Z. BAILEY. Easy to use, accurate, and non-technical, this great book comes closer than any other single volume to answering every question about gardening. It includes every kind of ornamental, fruit and vegetable plant grown today with brief but complete information on their uses, cultivation, hardiness, propagation, preferred soil, color, identification, etc. Common names are used. 5.00

THE CULTIVATED CONIFERS,—L. H. BAILEY. The conifer enthusiast will find this the most complete and authoritative book on conifers that has yet been written. 162 Ills., 404 pages. 7.50

THE DESIGN OF SMALL PROPERTIES,—M. E. BOTTOMLEY. Here are 52 carefully designed plans, one or more of which will give you just the planting layout you want for your home. Each plan is fully described and explained so that you can easily modify it to fit any special conditions. A check list of nearly 600 plants showing the height, color, time of bloom, foliage, growing habit, soil requirements, etc., of each one shows you what to plant. 64 illustrations, 233 pages. 2.50

WILD FLOWERS,—HOMER D. HOUSE. This is the first one-volume wild flower book to picture the flowers in actual size, in full colored photographs. 365 Ills., 340 pages. 7.50

AZALEAS AND CAMELLIAS,—H. H. HUME. Every point about growing both of these shrubs is carefully explained here—soils, time and method of planting, cultivation, mulching, pruning, frost protection, feeding, pot and tub culture, pests and diseases, and propagation. 1.50

THE CULTIVATION OF CITRUS FRUITS,—H. H. HUME. In a highly specialized industry such as citrus growing, new and practical information is essential. The author is a grower of long experience and his book is recognized as the best and most recent authority on the subject. Ill., 561 pp. 3.50

GARDENING IN THE LOWER SOUTH,—H. H. HUME. The first and only complete garden guide for the South. It tells what flowers to plant for steady succession of bloom, how to have fresh vegetables throughout the year, how to grow fruits, what varieties to plant, what trees and evergreens grow best, and all about Southern soils, fertilizing, lawn making, palms, roses, azaleas, bulbs, bamboos, vines, and other plants. 102 Ills., 472 pages. 5.00

THE MODERN NURSERY,—ALEX LAURIE AND L. C. CHADWICK. Contains the latest practical information on all phases of plant propagation, culture, and handling. Discusses the location and layout of the nursery, tools, buildings, soils, fertilizers, plant reproduction and propagation with tables showing the method for all plants, cultural practices, storage, packing, grading, office management, marketing, and nursery laws, quarantines, and plant patents. Contains 52 tables, 107 Ills., 500 pages, fabrikoid binding. 5.00

PLANT NAMES,—T. S. LINDSAY. Give reasons for naming plants and explains the meaning of the names. 99 pages. 1.20

SPRAYING, DUSTING AND FUMIGATING OF PLANTS,—A. F. MASON. An invaluable handbook and reference for fruit growers, vegetable gardeners, nurserymen and home gardeners. 237 Ills., 570 pages. 3.00

Books—Continued.

HOW TO GROW ROSES,—R. PYLE AND OTHERS. Here you will find full and practical information on every question on the growing of garden roses. 138 Ills., 211 pages	2.00
LANDSCAPING THE HOME GROUNDS,—L. W. RAMSEY. Step by step, with photographs and plans that make each point clear. 175 Ills., 170 pages	1.25
THE OUTDOOR LIVING ROOM,—LAWRENCE, CHAS. H. & L. W. RAMSEY. Pictures and text show how home owners everywhere may enjoy the benefits of an outdoor garden.	2.50
MANUAL OF CULTIVATED TREES AND SHRUBS,—ALFRED REHDER. A complete and absolutely indispensable reference book of all hardy trees and shrubs. 976 pp.	5.00
THE HOME GARDEN HANDBOOKS,—F. F. ROCKWELL. A series of pocket size books, now eight in number, that it is a pleasure for us to recommend because each volume covers its ground so well and concisely.	1.25
The titles now published are:	
Rock Gardens Dahlias Irises Gladiolus Roses Evergreens for the Small Place Shrubs Lawns	
GARDEN FLOWERS IN COLOR,—G. A. STEVENS. For the first time, a large collection of the most popular garden flowers is reproduced in large, full-color photographs.	3.75
PECAN GROWING,—STUCKEY-KYLE. Practical details of the culture, propagation, insect and disease protection, harvesting, cracking and marketing of pecans. Includes the latest methods and practices of successful growers. Ill., 223 pp.	3.00
GARDENING IN THE SOUTH,—BRIGGS. A concise, thorough and interesting manual for the Southern home-owner. Many Ills., 232 pages	2.15
NURSERY SALES AND MANAGEMENT,—NELSON COON. It gives fundamentals of nursery work. Particularly it deals with the sales end. 54 Ills., 240 pages	1.65
THE BOOK OF ANNUALS,—ALFRED HOTTES. Full directions for the culture and uses of over 100 different genera. 155 Ills., 196 pages	1.65
THE BOOK OF PERENNIALS,—ALFRED HOTTES. Companion book to the Book of Annuals—about growing, using, selecting and propagating perennials with many lists. Revised . .	2.15
THE BOOK OF TREES,—ALFRED HOTTES. The most complete book on the care and culture of evergreen and deciduous trees. 180 Ills., 448 pages	3.65
PLANT PROPAGATION,—ALFRED C. HOTTES. 999 Questions Answered. Increasing of plants by seeds, cuttings, divisions and by grafting.	2.15
THE BOOK OF SHRUBS,—ALFRED HOTTES. An up-to-the-moment and most complete reference book on shrubs based on the experience of many authorities. 187 Ills., 448 pages	3.15
FOUNDATION PLANTING,—L. H. JOHNSON. A valuable help in designing foundation plantings for residences, schools, factories, garages, etc., over 208 Ills., 258 pages	5.00
ONE THOUSAND AND ONE GARDEN QUESTIONS ANSWERED,—ALFRED C. HOTTES. This book is so written that a quick answer may be secured to any definite question.	2.14
